

Price List 2018

The matrices shown below represent the prices for BankID products from BankID Norway.

BankID products are invoiced monthly, and the invoice amount shall include both fixed and variable elements. The variable elements are retroactive and calculated from the previous month's volume.

Fixed price elements

- One-time fee for setting up a customer relationship: **5000**
- Fixed monthly fee for BankID Merchant Sites with individualised certificate: **1500**

Variable price elements – Authentication and Signing

For both products – Authentication and Signing – BankID Norway shall count the number of accrued transactions from the preceding month and assign the Merchant Site a transaction price for each product. The invoiced amount for each product is the transaction price multiplied by volume.

Price List 2018

The matrices shown below represent the prices for xID and Supplemental Information from BankID Norway.

xID

xID issues invoices based on activities for the previous month. There are no fixed costs related to xID; the Merchant Site only pays for actual use.

Price options	Less than 50 000 monthly users	Between 50 000 and 250 000 monthly users	Between 250 000 and 750 000 monthly users
Maximum price per xID transaction	0,20	0,20	0,20
Price per xID user	0,60	0,45	0,30
Maximum price per month	17.500	50.000	120.000

BankID Norway will count the number of accrued xID transactions (recognitions in xID) and the number of xID users (users who have used xID via a Merchant Site) at the end of each calendar month. The Merchant Site will be billed according to the price option with the lowest amount. The Merchant Site is thus give the best price from all three options.

Special prices apply to Merchant Sites with more than 750 000 monthly xID users.

SUPPLEMENTAL INFORMATION

Supplemental Information is a product that requires the use of BankID and/or xID. The product is invoiced at a fixed monthly amount.

Package	Number of transactions included per year	Annual price	Price per transaction for overconsumption
Small	5.000	6.000	1,20
Medium	10.000	10.000	1,00
Large	25.000	20.000	0,80
Extra large	50.000	35.000	0,70

The Merchant Site selects which Package it wants, and is invoiced according to the selected package per month. The Package is valid for one calendar year. For Merchant Sites that become customers within the course of a calendar year, the package's size (number of transactions included per year) is estimated according to the number of months remaining in the year. Any overconsumption will be invoiced at the end of the calendar year.

A transaction is counted if a user shares information with the Merchant Site.
